Welcome to Rochester Public Transit, your publicly-funded transit system. RPT's mission is to provide an efficient, accessible public transit system that is competitive with the private automobile in terms of cost, convenience, and time.

## Using this Guide

### Destinations and orientation map

The front of this guide has a categorized list of destinations within our area followed by a color-coded number also found on the map on page 3. Each entry is followed by the route (number in bold) which serves that location, and the page number (number in parenthesis) for the corresponding timetable and map.

The map is divided into four quadrants: NW, NE, SW and SE. Look for a box within each quadrant which indicates the bus routes that serve that part of Rochester. Page numbers for route schedule and map are again included in parenthesis.

### Route numbering

Most bus routes begin and end downtown. Weekday routes are numbered 1 through 19. Saturday & Sunday routes are numbered 21 through 26.

Suffixes on routes are used as follows: **D** stands for direct route (fast, few stops, usually serve park & ride locations and shopping centers). **N** stands for night route. Letters such as **A** and **B** indicate an alternate route in which the bus does something different, such as serving an area only during peak times.

### The maps & timetables

This guide includes a map and timetable for each route. On the map you will discover a variety of symbols that represent different characteristics of the route.

## Riding the Bus

### Planning your trip

Use this guide to plan your trip. Call 507-328-RIDE (7433) if you need assistance. An agent can help you find a stop near you, choose the right route, plan transfers and more.

### Waiting for the bus

Be at the bus stop before the scheduled time the bus passes that point on its route. Please line up if there are other passengers waiting at the stop. Have your cash, ticket, or pass ready.

The bus driver does not give change. Make sure that you are in plain view of the driver and raise your hand to signal the driver to stop.

### Boarding the bus

Use the handrails for safety. Insert your pass or put your cash into the fare box. Ask for a transfer if needed to complete your one-way trip. If there are no seats, please walk to the back of the bus to stand and use handrails and straps.

### Courtesy seats

Remember to leave the front seats available for persons who have difficulty standing and for those with disabilities.

### Exiting the bus

Bus drivers do not automatically stop at every stop. Pull the bell cord above the windows before the bus reaches your stop. Walk to the nearest doors. When the bus comes to a complete stop, step down and exit. Be careful not to get scarves or bags caught in the door. Be alert for snow covered and slippery steps. If you must cross the street, wait until after the bus leaves the stop. If you are unsure where your stop is, ask the driver to call it out to you.

## Policies & Reminders

Complete policies available online at [www.rpride.com](http://www.rpride.com)

### Passenger etiquette

It is unlawful on any RPT bus to smoke (including e-cigarettes), loiter, eat or drink (except from spill-proof containers), spit, litter, play a radio or other instrument. The following are prohibited: uncaged animals, firearms, weapons, flammable liquids or any other dangerous articles. Shirt and footwear are required.

### Bikes on buses

All RPT buses are equipped with exterior bike racks mounted on the front of the bus with instructions for their use.

### Strollers

Only foldable strollers are permitted on the bus. Children must be removed from strollers and strollers must be folded prior to boarding. Once on board children should be seated in a seat or with the guardian. Folded strollers must be safely stowed away. Do not unfold or seat a child in the stroller until after you have exited the bus.

### Wheelchair accessibility

All RPT buses are wheelchair accessible with a low floor design, wheelchair ramps and bus kneeling. There are two positions for securing wheelchairs located behind the driver under the front flip up seats. The driver will assist in securing the wheelchair. The ramp can be deployed for persons with walking disabilities. Please let the driver know that you need this assistance.

### Service interruptions

Information regarding service shutdowns due to weather can be found at [rpride.com](http://rpride.com) or check with media outlets for public services announcements. Weather conditions such as ice or snow and other road/traffic conditions—including detours—can delay buses and disrupt schedule performance.

### Lost and found

Articles found on buses will be kept in a lost and found at 4300 East River Rd. NE for 60 days only. Please call 328-RIDE (7433) for information.

### Right to refuse service

All riders are entitled to a safe comfortable and pleasant trip. The bus driver is in charge of the vehicle and has the right to take measures to ensure the safety and comfort of the passengers. The driver may use discretion in preventing disorderly individuals from boarding or remaining on board a Rochester Public Transit bus. Examples of unacceptable behavior include: being physically or verbally abusive to others, being disorderly, violent or offensively intoxicated. Please report any form of unacceptable behavior to the driver immediately.

# RPT Serving Our Community

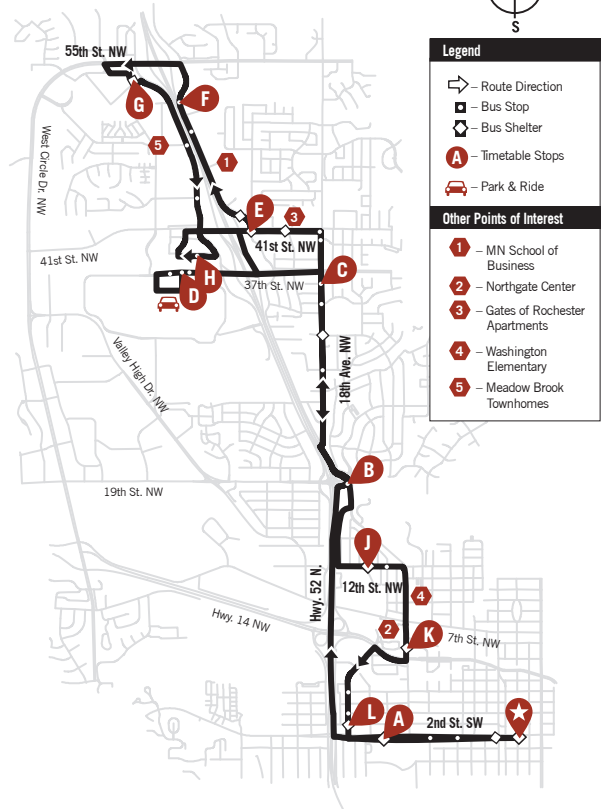

RPT's goal is to provide safe and convenient public transit service to Rochester residents and visitors. If we fail in any way to meet that goal in your experience please let us know. RPT serves over 7,000 passengers daily averaging approximately 25 passengers per revenue vehicle hour. The average ride time from most neighborhoods to downtown is 14 minutes. Ridership is expected to grow significantly with the continued development and expansion of Rochester. RPT can help in reducing congestion and the need for parking. RPT's development plan calls for:

- Accessibility for all passengers
- Continued expansion of neighborhood service
- Crosstown routes intersecting the radial routes from downtown increasing rider mobility
- Improved passenger stops and amenities
- Real time passenger information and mapping with smart phone application
- Continued fleet update and replacement
- Monitoring and purchase of alternate fueled vehicles for cleaner emissions and lower fuel costs
- Electronic pass systems

**RPT is about serving our community.**
