Anonymous user's Opinion

Responded C Good

Responded C Good

Favoritism in the hiring process, including the new Chief, is deplorable. Someone needs to hold HR accountable for their lack of transparency and ethical practices.

When RFD considers new equipment it should be sized to fit on the smallest roads and have the ability to drive in reverse. Some of our poor road design can be attributed to demands caused by large fire

Responded B Fair Anonymous user's Opinion

Frankly overpaid for what they truly do.
