How would you rate this community as a place to visit?

A Exellent B Good C Fair D Poor

Please correct spelling of "excellent."

Responded B Fair Anonymous user's Opinion Consistent rise of property taxes and steady above inflation cost increases make this city unaffordable for people on fixed income Anonymous user's Opinion Responded C Good We are the largest city outside of the twin cities, but yet we lack what other small towns have for community. Woodbury, Shoreview and lots smaller cities have community centers, places where the people and families who invest in this town can go that may not work for Mayo or have a ton of money to spend at the RAC and the YMCA is not a community center. My children travel to the cities 1-2 times a week during summer break because there aren't water parks down in Rochester. NOT A SINGLE water park with over 100,000 people?? We are sending hundreds of our children on buses to go to the zoo, aquariums, water parks, roller skating rinks while we should be investing it back here and not sitting 3.5 hrs in a bus. We need more, we can do more Responded B Fair Anonymous user's Opinion There's nothing that stands out to draw visitors other than the clinic. As a transplant to the area, I was excited at the prospect of living here, but never to visit for a day to sightsee Responded B Fair Anonymous user's Opinion We could use an upgrade to our outdoor attractions such as our pool, and parks. We also need to bring bigger events here like concerts, comedians, and plays. Most people going to the twin cities and spend their money there because we are lacking in that area Responded C Good Anonymous user's Opinion Good for medical device, restaurants, bars, shopping and many outdoor activities. Weak on large kid/family attractions Anonymous user's Opinion Responded B Fair Not much to do for a visitor. Limited shopping. Anonymous user's Opinion Responded C Good Obviously great for medical, small sporting events, but lacking other attractions Responded C Good Outside of medical visits, sports tournaments, and an occasional concert or theater production, not much to draw in visitors. Responded B Fair Anonymous user's Opinion Rochester is great, however we lack in the area of things to do whether that be during the summer months or during the long winters. Responded A Poor I will never think to visit Rochester unless it is for medical reasons. The city needs to have a plan that include: adding water parks, expanding on summer activities, expand children Museum, add more attractions. Save money spent on transporting kids to the cities and create infra structure to keep families here. Anonymous user's Opinion Responded A Poor Nothing to do in here Responded B Fair Anonymous user's Opinion If you are here for medical treatment, its excellent. Outside of that, I can't think of anything unique that would bring tourism to Rochester. Responded B Fair Besides the clinic, the city has nothing to atrack turists. Even for those who live here, and the few that exist are not money friendly. Responded C Good Anonymous user's Opinion
