**Notes Regarding Appointments**

Council members appointed to various boards and committees are governed by Resolution 042-14 which was adopted in February 2014. Council members are either explicitly appointed by consent of the Council in January of each year or may voluntarily choose to participate on certain designated boards or committees. Depending on the board or committee, council members should be cognizant of their ability to participate in discussion and voting on matters brought before the full Council. The adopted Resolution also provides for participation where the organization operates in a City-owned facility (building) and / or receives significant public funds. Significant public funds is defined as either a minimum of 60% of the entity’s annual operating budget or is not less than \$100,000.

Council members are reminded to include all groups on which they serve on their annual Conflict of Interest Disclosure Form. This may include groups beyond those listed above such as the Coalition of Greater Minnesota Cities (CGMC), League of Minnesota Cities (LMC), History Center and Southeast Minnesota League of Municipalities (SEMLM).

The City Attorney should be consulted if there are questions related to possible conflicts of interest.
