

ELECTRIC UTILITY RATE SERVICE NOTICE

Dear Annexation Petitioner:

As part of the annexation process, Minnesota Statutes 414.033, Subd. 13 requires that the municipality notify a property owner that the cost of electric utility services to the property may change if the land is annexed to the municipality. This serves as the notice.

Rochester Public Utilities 2023 electrical rates are as follows for residential service:

Fee Name	Rate
Customer Charge	\$20.50
Summer Energy/kWh <i>(June through September)</i>	\$0.13382
Non-Summer Energy/kWh <i>(January through May, October through December)</i>	\$0.11203
Power Cost Adjustment	Varies by month

For specific information relating to potential utility rate changes, please contact RPU at 507-280-1500 or <http://www.rpu.org/my-account/rates-fees.php>

As an annexation petitioner, I have been duly informed of the provisions of Minnesota Statutes 414.033, Subd. 13, and I understand that there may be electric utility service rate changes incurred on the subject property upon annexation.
