### Permit Requirements:

Only ISA certified arborist's are permitted to perform pruning work on public trees. Contractor is responsible for any damage caused by work associated with this permit. Restricted species must only be pruned during safe times of the year for the specific pest issue. Anyone working within the ROW must follow all ANSI standards for safety. Lane closures or use of boulevard space requires a permit from public works, Public Works at [pwpermits@rochestermn.gov](mailto:pwpermits@rochestermn.gov). No work shall commence prior to an approved permit issued by the City of Rochester Forestry Division
